Judging

- Teams may opt-in early for the judges interview once they have successfully passed inspection
- All teams that did not opt-in for early judging will be judged immediately following a match and will be notified as they come off the competition field.

Rankings/Finals

- Ranking is determined by a team's cumulative score through alliance play. In the case of a tie the highest individual score is used as a tie breaker. (This will continue until the tie is broken.) Team rankings are used to determine alliance pairings for the finals.
- Finals will consist of 2 semifinals, with 1&2 vs 7&8 and 3&4 vs 5&6. The winners of the semifinals will move on to face each other in the finals.)
- Each alliance competes once in the semifinals and once in the finals. The alliance with the highest score in the semifinals will move on to the finals. The alliance with the highest score in the finals will be the tournament champions.
