

Competition Inspection Checklist for: Emotion

Team: _____

Pass/Fail: _____

Time of Inspection: _____

Inspection Type:	Initial	Mandated	Random						
Size Inspection									
	Technology fits within the 12' x 12' x 10' (8.5' to start) story telling space.								
Overall Inspection									
	Team Number is displayed on the front of their table and characters are at least 4" with 1" stroke.								
	Technology does NOT contain any components deemed a safety hazard.								
	Technology does NOT contain any components or perform any actions that could damage the Story Space.								
	Technology does NOT contain any sharp edges or corners.								
	Team is only competing with ONE set of technology.								
	Any grease is used only in moderation on components that do not contact the table, chairs or ground.								
Parts Inspection									
	Only one remote control device is used.								
	Robot uses a maximum of three (3) of these approved batteries:								
	<table border="1"> <tr> <td>Tenergy NiMH 9.6V 2000mAh Battery --- Item No. 11401-01</td> <td>Tenergy NiHH 8.4V 1600mAh Flat Battery Pack --- Item No. 11328</td> </tr> <tr> <td>Tenergy NiMH 7.2V Flat Battery Pack 3000mAh --- Item No. 11204-01</td> <td>Tenergy NiMH 9.6V 3800 mAh battery --- Item No. 11408</td> </tr> <tr> <td>Venom NiMH 9.6V 3000mAh battery --- Model 1532-8</td> <td>Venom NiMH 9.6V 4200mAh battery --- Model 1546-8</td> </tr> </table>	Tenergy NiMH 9.6V 2000mAh Battery --- Item No. 11401-01	Tenergy NiHH 8.4V 1600mAh Flat Battery Pack --- Item No. 11328	Tenergy NiMH 7.2V Flat Battery Pack 3000mAh --- Item No. 11204-01	Tenergy NiMH 9.6V 3800 mAh battery --- Item No. 11408	Venom NiMH 9.6V 3000mAh battery --- Model 1532-8	Venom NiMH 9.6V 4200mAh battery --- Model 1546-8		
Tenergy NiMH 9.6V 2000mAh Battery --- Item No. 11401-01	Tenergy NiHH 8.4V 1600mAh Flat Battery Pack --- Item No. 11328								
Tenergy NiMH 7.2V Flat Battery Pack 3000mAh --- Item No. 11204-01	Tenergy NiMH 9.6V 3800 mAh battery --- Item No. 11408								
Venom NiMH 9.6V 3000mAh battery --- Model 1532-8	Venom NiMH 9.6V 4200mAh battery --- Model 1546-8								
	Battery chargers are limited to the following: 1. Tenergy Universal Smart Charger for HiMH/NiCd Battery Packs (6V – 12V) --- Item No. 01025 2. Vex 7.2V Smart Chargers 276-1445, 276-2519, 276-2221, 276-2235								
	A maximum of 2 pneumatic tanks have been used								
	Pneumatics have not been modified in any way.								
	No power sources other than pneumatics, batteries or compression (rubber bands, springs, etc.) have been used.								
Communication Inspection									
	No control system, part, or set of parts that inhibits the normal operation and/or communication of other teams technology, has been used.								

Reason for Failure (if any):

I hereby state that all of the above is true, and to the best of my knowledge all rules and regulations have been followed.
