

Nebraska State Championship 2020 Venue Bid Form

Background

The Open Program Nebraska State Robotics Championship will determine which teams qualify China Cup awards. This bid document is intended to specify the criteria needed to host this tournament, and to provide organizations across the state the opportunity to support this event. Bids will be sent to all Open Program Nebraska active Event Partners in good standing as defined by the CREATE Foundation.

Please note, several important things to keep in mind.

- Although this event is the Nebraska State Championship, not only teams in Nebraska will be allowed to qualify and participate, but so will teams from all surrounding states if they do not have a CREATE Open Program Chapter of their own. This includes, Iowa, Missouri, Kansas, Colorado, Wyoming, and South Dakota.
- The Open Program Event might be combined with the VRC State Championship, or might be separate. If the event is separate it will be a one day event. If it is combined with a VRC event it will be a 2 day event.
- This event will be a 36 team event.

Key dates for Venue Selection:

6/15/19 – Venue selection bid form sent to event partners

6/30/19 – Latest date bids can be received from interested schools/organizations

7/15/19 – Selected school/organization notified

2020 Tournament Date Range: The tournament must be scheduled no later than 3/7/2020 with an alternate (i.e.: weather) date no later than 3/14/2020.

Selection Criteria and Process

- a) The school/organization will select a primary tournament date and alternate (weather) date as noted above.
- b) The school/organization must have hosted at least one tournament in the last two robotics seasons with a minimum of 30 teams.
- c) Consideration will be given to moving the tournament to different geographic regions of the state, in part based upon team density.
- d) To assist host schools in holding this event the CREATE Foundation offers a number of services, equipment and supplies at no cost. Please see the complete list of these optional offers on the CREATE document attached.
- e) Preference will be given to schools/organizations that have the ability to webcast the event.
